

AELISH LADANI

Cybersecurity & Web Development Enthusiast | B.Tech CSE (Cyber Security)

aelishladani9@gmail.com | Rajkot, Gujarat, India | [linkedin.com/in/aelish-ladani-63a835384](https://www.linkedin.com/in/aelish-ladani-63a835384)

PROFESSIONAL SUMMARY

Motivated B.Tech Cyber Security student at Marwadi University with a strong foundation in cybersecurity principles, web development, and Linux administration. Backed by a Diploma in Computer Engineering and hands-on internship experience, I bring practical skills in Python, PHP, network security, and ethical hacking. Seeking internships and entry-level roles in cybersecurity, web development, or IT where I can contribute and grow.

TECHNICAL SKILLS

Programming: Python, Java, PHP, JavaScript, SQL, C/C++

Web Development: HTML, CSS, Bootstrap, Web Dev Workflows

Cybersecurity: Ethical Hacking, Network Security, OS Security, IAM Fundamentals, Information Security, Cybersecurity Awareness

Tools & Platforms: Linux (Kali), MySQL, DBMS, Git, Data Analytics

Soft Skills: Teamwork, Communication, Problem Solving, Time Management, Adaptability

EDUCATION

B.Tech — Computer Science & Engineering (Cyber Security) Jun 2025 – May 2028 (Expected)

Marwadi University, Rajkot, Gujarat

3rd Year | Relevant: Ethical Hacking, Kali Linux, Information Security, OS Security, Computer Networks, DBMS

Diploma — Computer Engineering

Aug 2022 – Jun 2025

Marwadi University, Rajkot, Gujarat

WORK EXPERIENCE

Web Developer Intern | WildTech

May 2024 – Jun 2024 • Rajkot, Gujarat

- Built and maintained web pages using PHP, MySQL, JavaScript, and Bootstrap within agile team workflows.
- Collaborated on assigned feature tasks, gaining hands-on exposure to end-to-end web development cycles.
- Strengthened debugging and problem-solving skills by resolving UI and backend issues in a live project environment.

Web Development Intern | CodSoft

Jun 2026 • Virtual / Remote

- Completed web development tasks as part of a virtual internship programme focused on practical front-end and back-end skills.
- Applied HTML, CSS, JavaScript, and Bootstrap to build responsive, functional web interfaces.

PROJECTS

PerfectPCPro — Customized PC Build Website

- Developed a website to guide users through selecting and customising PC components based on budget and use case.
- Built using HTML, CSS, JavaScript, and Bootstrap; focused on UX, responsiveness, and product data integration.

Notice Board System — Mini Project

- Designed and implemented a digital notice board system using PHP and MySQL for managing and displaying notices.
- Applied CRUD operations, user roles, and session handling to simulate a real administrative workflow.

CERTIFICATIONS

- Cybersecurity Analyst Job Simulation — *Forage*
- Linux Essentials — *Cisco Networking Academy*
- Introduction to Cybersecurity Awareness — *HP LIFE*
- An Introduction to Programming Using Python — *University of Leeds / Coursera*
- Python for Data Science — *Infosys Springboard*
- Data Analytics Job Simulation — *Forage*
- TCS iON Career Edge — Young Professional — *TCS iON*
- Yuva AI for All — *Nasscom FutureSkills Prime*

VOLUNTEERING

Event Volunteer — MU Fest 2025

Mar 3–5, 2025 • Marwadi University

- Supported event coordination, logistics, and on-ground assistance across three days of the university's annual fest.
- Demonstrated teamwork, adaptability, and communication skills while working with a cross-functional volunteer team.

Open to Internships & Entry-Level Roles in Cybersecurity, Web Development, Linux Administration & IT Support
